THE ATTENTION OF INVESTORS IS DRAWN TO THE RISK WARNINGS CONTAINED IN SECTION D AND WITHIN THE PROSPECTUS.

FUND CHARACTERISTICS

A. Investment Objective

The Cell is designed to provide capital growth over the longer term in the Base Currency by gaining exposure to international equity markets, predominately by means of index tracking collective investment schemes and/or exchange traded funds. The Cell is ideally suited to investors with a moderate to high risk tolerance (with a high risk tolerance for short-term volatility) and an investment horizon of 5 years or longer.

B. Investment Policy

In seeking to achieve the Investment Objective the Cell will invest primarily in participatory interests of collective investment schemes or other similar schemes whose underlying portfolios provide exposure to a diversified portfolio of equity investments across a wide range of global markets. A small and restricted exposure to underlying portfolios which invest in asset classes such as cash and money market instruments, as well as asset allocation portfolios that provide exposure to a combination of these asset classes may also, from time to time, be included in the Cell.

C. Investment Restrictions

The Cell's exposure to asset classes through portfolios of collective investment schemes or other similar schemes, or transferable securities selected to represent an asset class will be as follows:

80% - 100% Equities

0%- 20% Cash and Money market portfolios

The Cell shall not have more than a 20% exposure to any individual share or security except for investment into other collective investment schemes or other investment vehicles where diversification of risk will in the opinion of the investment manager generally be achieved through the underlying fund.

The Cell shall not have a more than 50% exposure of the Cell's NAV into any individual collective investment scheme or other similar scheme, unless that scheme shall have appointed more than one sub-investment manager, in which case the limit shall be 70%. The Cell will be invested in at least three collective investment schemes or other similar schemes.

Within the aforementioned spreads, exposure by the Cell to all asset classes, as well as any individual asset class, will be in varying proportions over time.

In certain market conditions or to accommodate anticipated Shareholder redemptions, the Manager may elect to temporarily maintain a higher degree of liquidity and exceed the Cell's intended Cash and/or Money Market limit. In such instances, the Manager will continue to exercise prudent diversification of the investment portfolio at all times.

No borrowing will be undertaken by the Cell, other than to meet short-term liquidity requirements in the Cell for the purpose of the payment of obligations in relation to the administration of the scheme relating to settlement of purchase and sale transactions and redemptions of Participating Shares. Borrowings will not exceed 10% of the NAV of the Cell. For such borrowing purposes, the securities of the Cell may be pledged.

The Cell is not permitted to enter into any form of borrowing or loan arrangement with other cells of the Company nor other collective investment schemes of the Manager.

The Cell will not invest in a fund of funds or a feeder fund.

All exchange traded funds (or other similar schemes held by the Cell) will be listed for trading on exchanges that have obtained full membership of the World Federation of Exchanges, or listed on exchanges that have been subject to the due diligence guidelines prescribed in Board Notice 90 of 2014, Chapter VI or listed on exchanges (such as the New York and London Stock Exchanges) approved for this purpose by the Financial Sector Conduct Authority ("FSCA") of South Africa.

The Cell will not include any derivative instruments with the exception of:

- (i) Investment in forward foreign currency exchange contracts for the purpose of mitigating exchange rate risk against both the benchmark and the base currency.
- (ii) Exchange-traded derivatives for the purpose of risk mitigation within the portfolio.
- (iii)

Derivatives will not be used for speculative purposes or otherwise.

Unlisted derivative instruments will be limited to forward currency exchange contracts.

No uncovered positions will be allowed. Gearing and leveraging for investment purposes will not be allowed.

The risk profile of portfolios of collective investment schemes to qualify for inclusion in the Cell will be characterised by either:

- (i) being authorised in terms of section 65 of the Collective Investment Schemes Control Act 2002 of South Africa;
or
- (ii) if not authorised in terms of section 65 of the Collective Investment Schemes Control Act 2002 of South Africa, the portfolio must meet the following minimum requirements:
 - (a) 90% of equity securities held by the portfolios must be listed on exchanges that have obtained full membership of the World Federation of Exchanges or be listed on exchanges that have been subject to the due diligence guidelines prescribed in Board Notice 90 of 2014, Chapter VI or listed on exchanges (such as the New York and London Stock Exchanges) approved for this purpose by the FSCA;
 - (b) borrowings permitted only to the amount of 10% of the value of the portfolios and such borrowings will only be undertaken for purposes of meeting obligations in relation to the administration of the scheme relating to settlement of purchase and sale transactions and redemptions of shares;
 - (c) derivatives only permitted for purposes of efficient portfolio management of the portfolios;

- (d) unlisted derivative instruments only allowed for the portfolios as unlisted forward currency, interest rate or exchange rate swap transactions;
- (e) no uncovered derivative positions will be allowed for the portfolios;
- (f) no gearing (leveraging) will be allowed for the portfolios;
- (g) no scrip borrowing will be allowed for the portfolios; and
- (h) exchange traded funds and collective investment schemes that invest in synthetic instruments will not be allowed.

The Cell is not permitted to enter into any prime brokerage agreements.

The Cell will not invest in any unregulated collective investment schemes.

The Cell will not invest in exchange traded funds with leveraged exposure to underlying assets.

The Cell will not invest in physical commodities or soft commodities and investment in an instrument that compels the acceptance of physical delivery of a commodity is also prohibited.

The Cell is not permitted to enter into any form of borrowing or loan arrangement with other cells of the Company nor other collective investment schemes of the Manager.

The Directors are permitted to amend the preceding investment objectives, policy and restrictions (including any borrowing and hedging powers) applicable to the Cell provided that no material changes shall be made without providing Shareholders with sufficient notice to enable them to redeem their Participating Shares before the amendment takes effect. Shareholders are not required to approve the amendment of the preceding investment objectives, policy and restrictions (including any borrowing and hedging powers) applicable to the Cell although the Directors reserve the right to seek approval if they consider it appropriate to do so. In seeking approval from the Shareholders as aforesaid the Directors may also request Shareholders to approve a general waiver of the aforementioned notice of the proposed amendments to the investment objectives, policy and restrictions (including any borrowing and hedging powers). Shareholders should note that the waiver, if passed, would apply to all Shareholders regardless of whether or not they voted in favour of the waiver. In any case, such approval(s) would be sought by means of an Extraordinary Resolution of the Cell.

D. Risk Warnings

Currency Risk - The rate of exchange between various currencies is a direct consequence of supply and demand factors as well as relative interest rates in each country, which are in turn materially influenced by inflation and the general outlook for economic growth. The investment return, expressed in the investor's domestic currency terms, may be positively or negatively impacted by the relative movement in the exchange rate of the investor's domestic currency unit and the currency units in which the Cell's investments are made. Investors are reminded that the Cell may have multiple currency exposure.

Equity Investments Risk - Investing in equity shares means you are taking a stake in the performance of that company, participating in the profits it generates by way of dividends and any increase in its value by way of a rise in its share price. If the company fails, however,

all your investment may be lost with it. The share price does not reflect a company's actual value, rather it is the stock market's view of a company's future earnings and growth potential, coupled with the level of demand for it, that drives the share price higher or lower as the case may be. Demand is a function of the market's assessment of which countries, industry sectors and individual companies offer the best prospects for growth. That assessment is influenced by a whole array of economic and political considerations.

Asset Allocation Portfolios Risk – These portfolios invest in a combination of asset classes including but not limited to investments in the equity, bond, money and property markets within an individual collective investment scheme. The underlying risk and return objectives of individual portfolios may vary as dictated by each portfolio's mandate and stated investment objective and strategy. In the event that the portfolio has a significant exposure to an illiquid asset class, redemptions may not necessarily be realised immediately.

Concentration Risk - Although it is the investment policy to diversify the Cell's investment portfolio, the Cell may at certain times hold a few, relatively large investments (in relation to its capital). The Cell could be subject to significant losses if it holds a large position in a particular investment that declines in value or is otherwise adversely affected.

Derivatives Risk - Whilst derivative instruments, in the form of forward foreign currency exchange contracts, may be used for hedging purposes, the risk remains that the relevant instrument may not necessarily fully correlate to the investments in the Cell and accordingly not fully reflect changes in the value of the investment, giving rise to potential net losses.

Forward contracts are neither traded on exchanges nor standardised. Principals dealing in these markets are also not required to make markets in the currencies they trade, with the result that these markets may experience periods of illiquidity. Banks and dealers will normally act as principals and usually each transaction is negotiated on an individual basis.

General Risks

- Past performance of any investment is not necessarily a guide to the future.
- Fluctuations in the value of underlying funds and the income from them and changes in interest rates mean that the value of the Cell and any income arising from it may fall as well as rise and is not guaranteed.
- Deductions of charges and expenses mean that you may not get back the amount you invested.
- Market and exchange rate movements may cause the value of investments to go down as well as up and you may not get back the amount you invested.
- The fees charged by service providers to the Cell and by the underlying fund managers are not guaranteed and may change in the future.
- The risks inherent in investments, which are higher risk investments, are greater than for other investments. Such higher risk investments may be subject to sudden and large falls in value. Higher risk investments include, but are not limited to, investments in smaller companies, even in developed markets, investments in emerging markets or single country debt or equity funds and investments in high yield or non-investment grade debt.
- The Cell will contain shares or units in funds that invest internationally. The value of your investment and the income arising from it will therefore be subject to exchange rate fluctuations.

- The Cell may contain shares or units in funds that do not permit dealing every day. Investments in such funds will only be realisable on their dealing days. It is not possible to assess the proper market price of these investments other than on the relevant fund's dealing days.
- Borrowings for purposes of paying fund redemptions may require that the amount be secured by means of a pledge of securities held by the Cell. In such instance the Cell will carry a liability until such time that sufficient liquidity is raised in the Cell to repay the amount.
- The Directors may determine to issue further Classes of Participating Shares in the Cell with different rights attaching thereto and, in particular, although all Classes will benefit from the same underlying securities and investment objectives and policy different Classes may from time to time be subject to different fees payable. To the extent that the Cell has more than one Class of Participating Shares subject to different fees, the Administrator shall keep separate books and records for each Class of Participating Share and shall allocate the appropriate fee to each Class.

E. Share Dealing

Subscriptions: In accordance with the procedures set out in the Prospectus, the application form to subscribe must be completed and received by the Administrator by 12.00 noon (Guernsey time) on the relevant Dealing Day. Cleared funds for subscription must be received by 12.00 noon (Guernsey time) three business days after the relevant dealing day.

Redemptions: Written notice to redeem must be received by the Administrator by 12.00 noon (Guernsey time) on the relevant Dealing Day. Subject to any liquidity constraints applicable to the Cell's investments, the proceeds of redemption will be paid to investors within 5 Business Days after the relevant Dealing Day.

Further details of the share dealing policies and procedures in respect of the Participating Shares, including the timeframes for the issuance of contract notes, are set out in the Prospectus of the Company.

F. Sub-Investment Manager

Pursuant to the Sub-Investment Management Agreement, as defined in the Material Agreements section of this supplement, the Investment Manager has appointed Ampersand Asset Management (Pty) Ltd (FSP No. 33679), a South African registered company whose registered office is 2nd Floor, 1 Melrose Boulevard, Melrose Arch, South Africa as Sub-Investment Manager to the Cell. Pursuant to the terms of the Sub-Investment Management Agreement, the Sub-Investment Manager is responsible for the investment of the Cell's assets and has discretionary authority to invest the same in accordance with the objective, policy and investment restrictions set out in this Supplement.

G. Distribution Partner

Pursuant to the Distribution Agreement, as defined in the Material Agreements section of this supplement, the Directors and the Manager have appointed Vickers and Peters Financial Planning (Pty) Ltd (FSP No: 28003), a South African registered company whose registered

office is 2nd Floor, 1 Melrose Boulevard, Melrose Arch, South Africa, as Distribution Partner to promote and market the Cell.

H. Fees and Expenses

Investment Management Fee

Pursuant to the Investment Management Agreement, the Investment Manager is entitled to receive a fee (the “**Investment Management Fee**”) for the services rendered in connection with the Cell. In respect of Class A USD Shares the Investment Management Fee will be equal to 0.80% of the NAV of the Cell per annum. In respect of Class B USD Shares the Investment Management Fee will be equal to 1.05% of the NAV of the Cell per annum. The Investment Management Fee will accrue as at each Valuation Point, based on the current valuation and is payable monthly in arrears.

Sub-Investment Management Fee

Pursuant to the Sub-Investment Management Agreement the Sub-Investment Manager is entitled to receive a fee of 0.75% of the NAV of the Cell in respect of Class A USD Shares and 1.00% of the NAV of the Cell in respect of Class B USD Shares per annum (the “**Sub-Investment Management Fee**”), which will be paid out of the fee received by the Investment Manager. The Sub-Investment Management Fee will accrue as at each Valuation Point, based on the current valuation and is payable monthly in arrears.

Distribution Partner Fee

The Distribution Partner will not be paid a fee.

Management and Administration Fee

Pursuant to the Management and Administration Agreements, the Manager and the Administrator shall be entitled to the payment of a fee (the “**Management and Administration Fee**”) for the services rendered in connection with the Cell. The Management and Administration Fee will accrue as at each Valuation Point, based on the current valuation of the Cell and is payable monthly in arrears.

The Management and Administration Fee will be chargeable on a sliding scale, in respect of all Share Classes, as follows:

The minimum Management and Administration Fee will be borne by the Classes on a pro rata basis by reference to their respective NAVs.

The Management and Administration Fee will be chargeable on a sliding scale, in respect of all Share Classes, as follows:

Band	Fee (per annum)
Up to US\$30M	0.30%
From US\$30M	0.25%
Over US\$60M	0.20%
Minimum Management and Administration Fee	US\$22,000 per annum

The minimum Management and Administration Fee will be borne by the Classes on a pro rata basis by reference to their respective NAVs.

Custodian Fee

Pursuant to the Custodian Agreement, the Custodian shall be entitled to the payment of a fee (the “**Custodian Fee**”) for the services rendered in connection with the Cell. The Custodian Fee will accrue as at each Valuation Point, based on the current valuation and is payable monthly in arrears.

The Custodian Fee will be chargeable on a sliding scale, in respect of all Share Classes as follows:

Band	Fee (per annum)
Up to US\$30m	0.05%
From US\$30m to US\$60m	0.04%
From US\$60m to US\$100m	0.03%
Over US\$100m	0.02%
Minimum Custodian Fee	US\$8,000 per annum

Additional transaction fees may also apply. In addition the Custodian may be entitled to charge and recover transaction fees, external costs and third party fees (including sub-custodian fees) reasonably incurred and as agreed in advance by the Manager.

Fee Increases

The above quoted fees which are directly payable by the Cell shall only be increased subject to Shareholders being provided with sufficient notice to enable them to redeem their Participating Shares before the amendment takes effect. Shareholders will not be required to approve increases in fees payable by the Cell although the Directors reserve the right to seek approval if they consider it appropriate to do so. In seeking approval from the Shareholders as aforesaid the Directors may also request Shareholders to approve a general waiver of the aforementioned notice. Shareholders should note that the waiver, if passed, would apply to all Shareholders regardless of whether or not they voted in favour of the waiver. In any case, such approval(s) would be sought by means of an Extraordinary Resolution of the Cell.

Transaction Fees

Fees will be levied on all transactions placed in relation to the underlying assets of the Cell.

Directors’ Fees

The Directors’ fees in respect of the Cell shall not exceed US\$20,000 in aggregate in any twelve month period. In addition, the Directors shall be entitled to be repaid for all reasonable out of pocket expenses properly incurred by them in the performance of their duties to the Cell. Such fees and expenses shall be paid out of the assets of the Cell alone and not from the cellular assets of other Cells of the Company or assets of the Company itself.

I. Material Agreements

The following agreements have been entered into and are (or may be) material to the Cell (in each case, as may be amended, modified or supplemented from time to time).

1. Authority Agreement dated 1 October 2021 (the “**Authority Agreement**”) between the Cell and the Company. Pursuant to the agreement the Company has agreed to act on behalf of the Cell in respect of the negotiation, amendment and execution of principal agreements with service providers and to take such actions as necessary to perform the Company’s obligations (duly acting on behalf of the Cell) as prescribed under those agreements. The Authority Agreement may be terminated, amongst other things, by either party giving the other not less than 30 days’ notice in writing, so as to expire on the last day of any calendar month.
2. Sub-Investment Management Agreement dated 18 September 2009 as amended on 6 October 2021, to include the Cell, between the Investment Manager and Ampersand Asset Management (Pty) Ltd (the “**Sub-Investment Manager**”). Pursuant to the agreement, the Sub-Investment Manager has agreed to act as Sub-Investment Manager of the Cell. In the absence of fraud, wilful default or negligence, the Sub-Investment Manager shall not be liable for any loss or damage suffered by the Company or the Cell or any other person arising out of an error of judgment or oversight or mistake of law on the part of the Sub-Investment Manager made in good faith in the performance of its duties. The agreement may be terminated by any party giving three months’ prior notice to the others in writing.
3. Distribution Agreement dated 4 October 2021, to include the Cell, (the “**Distribution Agreement**”) between the Cell, the Manager and Vickers and Peters Financial Planning (Pty) Ltd (the “**Distribution Partner**”). The Distribution Partner shall have the exclusive rights to promote and market the Cell and shall provide its services in the promotion, marketing and advertising of the Cell. The Distribution Partner shall indemnify the Cell in respect of all claims arising out of the activities of the Distribution Partner in relation to the Cell. The Agreement is terminable inter-alia, on six months’ written notice given by either party.

J. Regulatory Position

The Company and the Cell are authorised as a Class B Collective Investment Scheme by the Guernsey Financial Services Commission under the Protection of Investors (Bailiwick of Guernsey) Law, 2020, as amended. In giving this authorisation the Guernsey Financial Services Commission does not vouch for the financial soundness of the Company or the Cell or for the correctness of any of the statements made or opinions expressed with regard to them.

The Company and the Cell have been approved for promotion in South Africa by the Financial Sector Conduct Authority (previously the Financial Services Board) of South Africa under section 65 of the Collective Investment Schemes Control Act 2002. Investor’s resident in the Republic of South Africa should read the schedule of Regulatory Similarities and Differences as set out under separate cover.

The Manager is the “principal manager” of the Company and the Cell and is licensed by the Guernsey Financial Services Commission, with its registered office at La Plaiderie House, La Plaiderie, St Peter Port, Guernsey, GY1 1WF. The Manager is a full member of the Association for Savings and Investments South Africa (ASISA).

This Supplement may not be circulated or copied where it may constitute an infringement of any local laws or regulations. This Supplement is for the sole use of the intended recipient and may not be reproduced or circulated without the prior written approval of the Manager.

K. Declaration

The Directors of the Cell have taken all reasonable care to ensure that the facts stated in this document are true and accurate in all material respects, and that there are no other material facts, the omission of which would make misleading any statement in this document, whether of fact or opinion. The Directors accept responsibility accordingly.
